OFFICIAL PAPER OF THE CITY OF AKRON

TO TELEPHONE THE DEMOCRAT CALL  
No. 180

FRIDAY, MAY 17, 1901.

The attention of the graduates of the  
medical colleges is called to the fact  
that a South Dakota cowboy had to  
ride 40 miles to find a doctor.The American Bible society will have  
the bible published in ten dialects for  
distribution among the natives of the  
Philippines. This beats the Gilling  
gun method of extending civilization.Postmaster General Smith has just  
made an emphatic denial of the report  
that he intends to resign. This will  
be encouraging news for the men who  
hoped to step into Mr. Smith's official  
shoes.Mr. Hanna's declaration that he is  
not a candidate for the Republican  
nomination for President does not pre-  
vent him from watching the effects  
of the boom launched for him by Sec-  
retary Heath.As usual, "innocent bystanders"  
were the chief sufferers from the fir-  
ing by troops upon a crowd at Albany.  
Two of them were prominent citizens.  
It seems that the innocent bystander  
will never learn to remain at home  
on such occasions.Texas is not at all disconcerted that  
her great oil fields should have been  
discovered by a man who was a crank  
upon the subject of surface indications.  
The discovery is not less valuable on  
that account, and the crank has been  
well rewarded for his pains.The Legislature of Colorado, Indiana,  
Minnesota, Pennsylvania and Wisconsin  
have considered legislation within  
the last year to restrict marriages of  
feeble-minded or insane persons, or  
others unfit for that relation, but none  
of the states has taken the initiative  
in enacting a law along that line.A deep shadow has come into the life  
of President McKinley, at the time  
when he was enjoying one of the  
greatest triumphs with which an Amer-  
ican citizen could be honored. He  
has the intense sympathy of all Amer-  
icans and their best wishes that his  
patient wife may be spared to him.The fact that the men who applied  
dynamite to the home of Officer Bruner  
did not shrink from the cowardly un-  
dertaking even though murder might  
have resulted from their action, places  
them in a class far more criminal and  
dangerous than that upon which hit-  
ter to their operations have sought to be  
explained. It may be depended upon  
that the capture of these men means a  
degree of punishment befitting the  
crime.

## Team Work.

Akron Castle of the Chevaliers will  
go to Ravenna next Tuesday evening  
to exemplify the work of the order.  
The team will be in charge of Mr.  
E. T. Jones.

## WISE and

## Otherwise.

It is a wise fisherman who praises  
the other fellow's ability with the  
oars.Such is the faith of some people that  
they're already talking of "Gov. Pin-  
ney."What a reckless waste of cash for  
the Prohibits to spend money for  
badges!Rather remarkable that the quality  
of strawberries grows better as the  
price goes lower.Of course all that is necessary is for  
Mayor Doyle to appoint a City Build-  
ing commission, then begin work on the  
erection of the structure."It ought to be a mighty easy thing  
for the Carr case to be carried to  
higher court," remarked the Habitual  
Jollier, "three letters do it.""Can't do it—can't do it now,"  
said the Far-Thinker. "Can't  
make any plans for the Pan-Am, till  
I see how I am going to stand finan-  
cially when the June wedding invita-  
tions are all in."Even the yellow dog has his day.  
John W. Gates, the steel magnate,  
brought the much abused creature into  
prominence by a remark on Wall  
Street, while the great financial war  
was at its worst."I hear that several street railways  
are to be built in Canton. Is that  
town a railway center, Papa?"  
"Tut, Tut, such a question! The  
reports merely indicate that Akron,  
with a view of securing trade from  
the country villages, will build  
electric lines to Canton same as to  
Wadsworth, Western Star, Medina,  
Ravenna, and a few other little  
places."Party differences may be laid aside  
to welcome the exponents of the water  
cure.—Akron Democrat.We have been in Akron on numer-  
ous occasions and must confess that  
nobody was noticed taking the water  
cure, except for an attack of riot, and  
then somebody cut the hose.—Canton  
News-Democrat.The plan of Akron people has it  
ways been to make visitors feel at home."Something's going to happen," said  
the Office Calendar with a gentle  
flour as a breeze came in at an open  
window of the Everett building.  
"Well," ejaculated the Mortgage  
Brush, with an accent of inquiry,  
being too stuck-up to say more."Something is going to happen, I  
say," the Office Calendar repeated.  
"Until lately the Bunch of Sweetness  
who pounds our friend, the 'Type-  
writer,' so gracefully—don't you wish  
you were the Typewriter?—That Bunch  
of Sweetness, I was about to say, used  
to mark only the pay days when she  
became familiar with me; now she  
has not only put a cross on all the  
pay days, but under one date, it is  
Wednesday, June 26. She has made  
a very dainty little mark, scarcely large  
enough to be seen. It represents two  
hearts with sinuix intertwining them.  
Oh, it surely means something; I'm  
hanged if it don't!"Just then the Bunch of Sweetness  
herself sailed into the room and in  
her eyes was a faraway look betoken-  
ing more than the pencil marks on the  
Office Calendar.

## PATENT

Granted Akron Man by Canadian  
Government.John R. Long of Akron, was yester-  
day granted a patent for an improve-  
ment in vises by the Dominion of  
Canada. These vises are revolvable  
on a pivot and the revolution is lock-  
ed by the clamping of the jaws of the  
vise upon an object. They have been  
manufactured quite extensively here  
and preparations are now being com-  
pleted for an organization to handle  
them on a larger scale. This patent
